Our PLEDGE

The success of Innovations Lighting is a by product of our company's vision which focuses on the following **FOUR CORE VALUES...**

PARTNERSHIP with our customers is key element which encompasses an open line of communication and creating mutual trust. This is key to creating a long term enduring relationships.

PEOPLE in our organization are motivated to provide the best possible service that is supportive, understanding and compassionate.

PRODUCTIVITY is obtained by organized systems, efficient processes that are attainable and effective.

PORTFOLIO brings to the marketplace an ever growing innovative and creative design concept that is mindful of customer needs and staying on design trends.

With all this in mind there is no doubt that our products are infused with the best design, highest quality and timely customer service which are all delivered by the good people of Innovations Lighting.

Our PROMISE

At Innovations Lighting we maintain **SIX KEY COMPONENTS** that enhance and complement our company's vision and guarantee your satisfaction...

QUALITY of our products and design inspiration is an inherent part of how we go to market.

COMMITMENT to quality, fair price and excellent customer service is at the forefront of our daily operations.

TEAM WORK is imperative to maintaining transparency and cooperation at all levels of the company.

INTEGRITY for us is an indispensable component for doing business enhanced by an adherence to high moral and ethical standards is a hallmark of our company.

MINDFULNESS is investing in our employees, infrastructure and inventory so we can continue to grow.

EXCELLENCE is the culmination of our core values providing the necessary formula for obtaining new customers and maintaining current ones.

Decades of Expertise & A LOVE OF HANDCRAFTED ARTISTRY...

Innovations Lighting was founded in 2014 in Westchester County, New York. This venture was a landmark of my 40th year in the lighting industry. My career began with the iconic Geringer and Sons, founded in 1913, which later led to my partnership with Leonard Geringer, my mentor. From this experience, I have learned a simple strategy for success:

"Create a quality product at a fair price, make a commitment to service and the customer will repeatedly purchase with confidence."

Arcadia COLLECTION

The Arcadia Collection represents the next evolution of Innovations Lighting, blending modern elegance with versatility. Its sleek, minimalist design, featuring clean lines and a soft profile, seamlessly fits into any decor style, offering subtle sophistication for interiors. Compatible with a wide range of glass options from our Ballston collection, Arcadia allows endless customization possibilities. Available in all Innovations finishes, including the new Champagne Bronze, it provides a luxurious yet adaptable foundation for lighting solutions.

Perfect for modern kitchens, bathrooms, stylish living spaces, or transitional rooms, Arcadia embodies timeless innovation and refined charm, making it an ideal choice for any setting.

Champagne BRONZE

We are thrilled to unveil Champagne Bronze, our latest finish that beautifully marries modern elegance with timeless sophistication. This warm-toned metal finish combines the classic richness of traditional bronze with soft golden undertones, creating a unique sheen reminiscent of fine champagne.

Champagne Bronze is versatile enough to enhance both contemporary and classic design aesthetics. Its satin finish adds a refined touch, making it perfect choice for any space. Whether gracing a sleek modern fixture or a vintage-inspired design, this finish infuses interiors with understated glamour.

Crafting Your Masterpiece

QUESTIONS TO CONSIDER

1. **WHAT STYLE DO YOU WANT?** This is the first step in your design journey. Your chosen style will determine the shape of the pan. Are you envisioning something minimalist and contemporary, or perhaps something more ornate and traditional? **THE CHOICE IS YOURS.**

2. **WHAT GLASS TYPE?** Your choice of glass type will influence whether you need a holder. Mix and match multiple glass types and designs to create a fixture that's truly one-of-a-kind.

3. **HOW MANY LIGHTS?** Next, decide how many lights you want your fixture to have. This will help determine the size of the pan. Whether it's a single, statement piece or a multi-light arrangement, we've got you covered.

4. **WHAT COLOR CORD & LENGTH FOR EACH LIGHT?** Customize the cord color and length for each light. Go for a cohesive look with matching cords or mix it up with different colors to add a playful touch. The length can be adjusted to create varying heights, adding depth and dimension to your design.

5. **WHAT FINISH DO YOU WANT?** Finally, choose your finish. Do you prefer a polished chrome, a rustic bronze, or perhaps a combination of finishes for a unique, eclectic look? Mix and match to create a fixture that's as unique as you are.

6. **WHAT ACCESSORIES DO YOU NEED?** Choose from 3 socket designs in matching finishes. Swag hooks can be used to create dramatic designs like the popular drape or spider.

Why Choose the Custom Cord Program?

- **EXPRESS YOURSELF:** Your lighting fixture is an extension of your personality. Express yourself with a design that's uniquely yours.
- **QUALITY CRAFTSMANSHIP:** Each piece is crafted with the utmost care and precision, ensuring not only a beautiful design but also lasting quality.
- **ENDLESS POSSIBILITIES:** With so many options and configurations, the possibilities are truly endless. Create a fixture that's perfect for your space and style.

Bring Your Vision to Light

At the Innovations Lighting, we believe that lighting is more than just a functional element of your home—it's an art form. Let us help you bring your vision to light with a custom fixture that's as unique as you are. Embrace the freedom to design without limits and illuminate your space with a piece that tells your story.

Custom Cord orders are non-cancellable and are not returnable. LED BULBS SOLD SEPARATELY.

Our multiport canopies are engineered for maximum versatility, offering the flexibility to use ports as needed. Whether you require one, several, or all ports, the canopy adapts seamlessly to both simple and complex configurations. For added convenience, each canopy comes with port plugs to securely seal any unused ports. This design allows for easy customization.

SWAG HOOKS

Our swag hooks provide the perfect solution for creative and flexible lighting arrangements. Easily adjust and drape your cords to achieve your perfect look, adding both function and charm to your space. Ideal for creating dynamic and unique lighting displays.

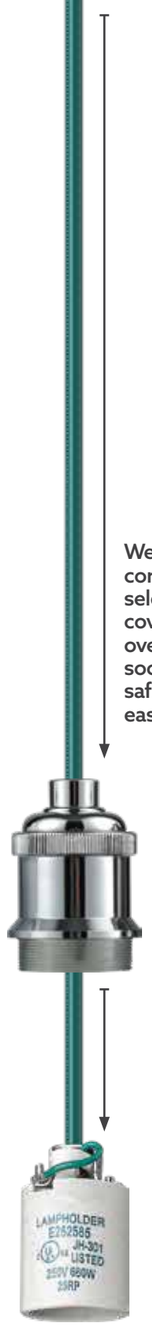
Simple assembly.

You attach the corded socket to the canopy by aligning it with the mounting port and tightening the screw **with ease.**

We thread the cord through your selected socket cover to secure it over the ceramic socket, ensuring safe coverage for easy installation.



You attach shade to socket cover by placing the socket cover through the glass and fastening the threaded socket ring to the soceket cover.

Finally screw bulb into the socket.

Simple assembly.

LED BULBS SOLD SEPARATELY.

Shade Holders

These socket holders are specifically designed for shades with a neck, offering a secure and stable connection for your lighting fixture. They ensure a snug fit, keeping the shade firmly in place.

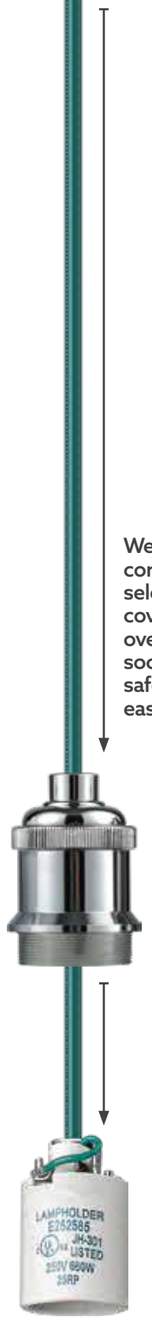
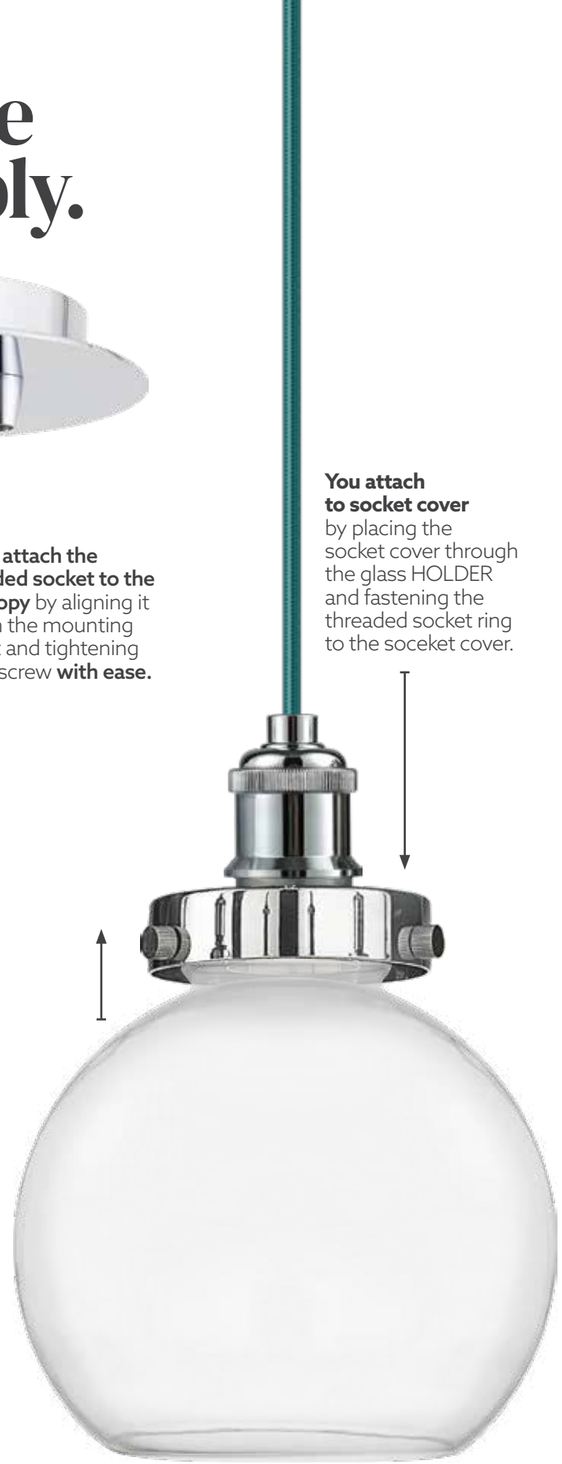
Simple assembly.

You attach the corded socket to the canopy by aligning it with the mounting port and tightening the screw **with ease.**

We thread the cord through your selected socket cover to secure it over the ceramic socket, ensuring safe coverage for easy installation.





You attach to socket cover by placing the socket cover through the glass HOLDER and fastening the threaded socket ring to the soceket cover.

Finally screw bulb into the socket.

Simple assembly.

LED BULBS SOLD SEPARATELY.

SHOWN AS MINI SPIDER

Mini spider pendants are designed to distribute light across an entire space with multiple pendants extending from a central point. Perfect for larger rooms or open-plan spaces, they create an even, ambient glow while adding a dynamic visual element to the ceiling.
